REFF: 50 State St. – Chicken Coop Project

Dear Jeff,

This letter is a request that you delay the operation of your Chicken Coop project until we send the application before the Zoning Board for a Variance request to gain relief of the required 100' buffer as outlined in the Zoning Chapter 350-26. Based on a review of the Planning Board decision and the failure to consider this chapter as it pertains to Industrial Uses.

Thank You,

A handwritten signature in black ink that reads "Neal Braman". The signature is written in a cursive, flowing style.
